

PSHE

Learn where things are within our new school and the daily routine. Become more independent in finding and using resources. Use 'All About Me' posters to help us learn about each other.

Wow !
Starting school.

Time to shine
Show off our
Classrooms to our gro
ups. 

Physical Development
Use dough disco and yoga to help strengthen our muscles.
Travel in a range of ways and develop our spatial awareness using games and dance. Begin to write letters.

Myself and Others

The World
Talk about people who are important to us. Explore the school environment inside and outside. Talk about the things we see and any similarities and differences we notice.

Maths
Practice counting objects and movements carefully. Match numbers and quantities correctly and record numbers. Create repeating patterns and compare objects by height and length using mathematical vocabulary. Sequence familiar events and routines. Name and describe 2d shapes.

Expressive Arts and Design
Explore junk modelling, painting, playdough, water painting, printing, cutting and sticking.
Create simple representations based on our interests. Use the role play and small world to explore roles, tell stories and share our experiences.

Technology
Explore the technology available at school. Use the ipads to take photos.

English
Listen to and join in with stories. Retell stories using role play and small world. Begin to learn the sounds that letters make and hear the beginning sounds of words.
Give meaning to the marks we make when drawing and writing. Begin to write letters and the beginning sounds of words.

Secrets to Success Bears
We will be thinking particularly about being 'Understanding Others' bears. We will have kind hands and be friendly and listen to others.
