<ul style="list-style-type: none"> We discussed the YG facebook pages. General concensus is that the pages provide useful information for parents who have forgotten or are not sure what is happening in school. TL asked for parents views on two projects the school needs to complete over the next few months. One was the refurbishment of the Elliot Building. The school is planning to return the space to an extra teaching area and Thrive group area; where children can go to work when dealing with emotional issues. The other project was to get the school garden up and in use. The planters are in place but we now need them filled with compost. The school would appreciate parental support in the form of donations of materials and or time to paint etc. It was decided that a working party may be set up in the spring to fill the planters. Parents with wheel barrows will be very welcome. The Parent Councillors agreed to put some information on the class FBpages and TL agreed to create a wish list of items needed as part of the refurbishments. We also discussed further income generating schemes and the possibility of renting the Elliot building for local events but the insurance etc would have to be checked first. It was noted that parents often forget to sign up to the Easy Fund Raising page set up by the FoS. This is a cash back site which can provide money to the FoS with very little effort it can earn the school small sums that will add up eg: £20 for a holiday booked etc. Fos will promote this further over the next few weeks and the school lottery. Councillors were asked if the Christmas timings information sheet would be useful again this year. Councillors thought that parents would find this useful. TL will organise for this to be sent to parents before the end of the month. Next meeting Wed 16th Jan 2019 - 2.30pm
