

PSHE

We will talk about home traditions and the traditions of other cultures. Explore different scenarios to explore conflict resolution.

Wow !

Trip to the Arboretum to explore the seasonal changes.

Time to shine
Christmas performance.

Physical Development

Real P.E – we will practise our co-ordination footwork and our balancing skills when standing on one leg through a range of games and skills challenges.
Classroom – we will use tools safely and practise our fine and gross motor skills.

Let's Celebrate

Maths

We will explore addition and subtraction using objects and mathematical language. We will find one more and one less than a number first with objects and then we just have to know it. We will talk about and find 3D shapes and think about their uses. We will use the language of money through role playing being shop keepers and customers.

The World

We will explore seasonal changes and patterns that we notice. We will look closely at similarities and differences that we notice in our world and through some science experiments.

Expressive Arts and Design

We will explore acting out narratives as a group. We will think about what we want to make and choose the materials and colours that we think will work the best. We will explore how to change and create textures.

Technology

Explore the technology available at school. Use the ipads to take photos.

English

We will explore lots of different stories about seasonal changes, celebrations of uniqueness and friendship and the story of Christmas. We will continue to learn the phonemes of new graphemes and practise using these to blend and segment words and captions.

Secrets to Success Bears

We will be thinking particularly about being 'Understanding Others' bears. We will be considerate of other people's celebrations and traditions and celebrate the uniqueness of ourselves.
