Date: 22<sup>nd</sup> January 2020

Notes	Action
<ul style="list-style-type: none"> <li>The new play equipment and its use before and after school was discussed.</li> <li>Parents present were asked to remind other parents of keeping their children safe on the equipment by adhering to the rules outlined. It is particularly important that toddlers do not run under the equipment in case anyone falls on them.</li> <li>It was noted that the children are enjoying using the equipment during the school day.</li> </ul>	<p>*Parents to remind everyone about keeping children safe in the playground.</p>
<ul style="list-style-type: none"> <li>The school has been approached by parents regarding setting up an Amazon wish list for the school. The purpose of this would be to allow parents to purchase valuable items for the children to use in school. Eg: white boards and pens etc.</li> <li>Using an Amazon wish list would mean paying VAT and delivery on small amounts of good and the school would find it difficult to keep track of what has been purchased.</li> <li>It was suggested that the school create a wish list that could be purchased via the educational suppliers and parents could donate towards this either on the school money program or through the Friends of School donation section. This system would mean that we would not be charged for delivery or VAT.</li> <li>There would be no obligation on parents to contribute but those who would like to could, knowing that they had contributed to or purchased valuable items for the school.</li> <li>The school and the FoS will look into the best way of facilitating this and parents will canvas parents via their facebook pages.</li> <li>The school would not want to take anything away from the FoS fundraising activities. FoS donations are often used to fund extra-curricular activities and luxury items. The wish list would be used for consumable items such as whiteboards, pens, card etc.</li> </ul>	<ul style="list-style-type: none"> <li>TL to discuss the possibility with School Business manager and FoS</li> <li>Parents to canvas others to gather views</li> </ul>
